**Subject:** Partnership Opportunity for Interreg IPA ADRION Projects

**Dear potential leader/partner organization, hope you are doing well!**

Warm greetings from **Alliance for Citizens and Communities (ACC)**, a civil society organization based in Tirana, Albania.

We are reaching out to express our interest in participating as a **partner organization** in any upcoming project proposals under the **Interreg IPA ADRION Programme**. As a non-profit NGO founded in 2016, ACC works to empower vulnerable groups, especially youth, women, and minorities, across remote and disadvantaged areas in Albania through initiatives in **education, environmental sustainability, green economy, circular economy, youth employment, and social inclusion**.

Our organization has participated in several nationally and internationally funded projects with a strong track record in:

- Environmental and circular economy initiatives
- Community-based volunteering and civic engagement
- Non-formal education and youth training
- Social innovation and public participation mechanisms

We would be glad to join a partnership consortium, contribute meaningfully to project design and implementation, and support actions aligned with the ADRION programme's priorities.

If your institution is interested or looking for a committed and experienced partner from Albania, we would love to connect.

Please feel free to get in touch for our full portfolio, partnership form, or project concepts.

Looking forward to your response.

Warm regards,

**Migena Ferati**

Executive Director

Alliance for Citizens and Communities (ACC)
